

BIG, BAD BILLIONAIRE BILL

WHAT YOU SHOULD KNOW

IT STEALS FROM US AND GIVES TO THE RICH.

- It gives the top 1% massive tax cuts while the rest of us will lose services.
- It skyrockets our national debt by \$1.5 trillion and will bankrupt Social Security in less than 20 years.
- It cuts \$400 billion from Medicare.
- It cuts Medicaid and guts the Affordable Care Act, forcing millions to lose their health insurance. Don't be fooled by "work requirements": 33% of Medicaid recipients are disabled; 65% of recipients are working full- or part-time.
- It cuts SNAP, slashing food assistance for American children and families.
- It cuts services—especially healthcare—to our veterans.
- It reduces the scope and function of the Consumer Financial Protection Bureau, increasing everyday costs.

IT ROBS AMERICANS OF CIVIL RIGHTS PROTECTIONS, FURTHERING PROJECT 2025.

- It enables racial discrimination in healthcare
- It allows gender discrimination and puts Christianity in public schools
- It allows discrimination based on religious preference
- It raids other programs' budgets to give even more funds to ICE

(For more information on Project 2025, visit <https://bit.ly/p-2025>.)

IT ENDS LEGAL PROTECTIONS FOR US AND THE ENVIRONMENT.

- It restricts federal courts' ability to stop government officials from breaking the law.
- It promotes misinformation by removing restrictions on using AI in campaigns for the next ten years.
- It endangers every federal health, safety, and environmental protection under the "Sunset Act."
- It revokes EV tax credits and removes restrictions on polluters.
- It slashes the National Park Service funding, threatening public lands.
